## About UIPI

**T**he International Union of Property Owners – Union Internationale de la Propriété Immobilière A.S.B.L. (UIPI) is the leading organisation for individual owners and private landlords in Europe.

Founded in 1923 in Paris, the UIPI is an international not-for-profit association. With **30 member organisations**, the UIPI represents more than **5 million property owners** in **28 countries** across Europe.

The property owners represented by the UIPI range from individual home owners, private landlords with a single bedroom flat or multiple-occupancy houses, to landlords with large property portfolios in the private-rented and commercial sectors.

## The voice of property owners

**T**he mission of the UIPI is to protect and promote the interests, needs and concerns of home owners and landlords at national, European and international levels.

Based in Brussels, the UIPI makes representations on behalf of its members to the institutions of the EU. It monitors developments at the EU level and seeks to influence those areas of EU legislation and policy that have an impact on real estate, the building sector, the private-rented sector and property rights. The UIPI also try to influence events affecting the property sector in an increasing number of international bodies.

The UIPI continuously promotes solidarity, cooperation and exchange of information between associations of property owners in Europe.

## UIPI priority areas

**T**he UIPI is involved in many issues, including general housing; taxation and inheritance concerns; technical matters and new regulations such as energy saving in buildings; the private rented agenda; as well as universal consumer rights and social responsibilities. The UIPI also supports property restitution and defends the fundamental human right to own property.

UIPI is an official partner of the *URBAN European Parliament Intergroup* and *Build Up*, a European initiative for energy efficiency in buildings. UIPI is also a Campaign Associate of the *Sustainable Energy Europe* initiative and member of the European Housing Forum.
