

SCALING UP RENOVATIONS: TOOLS AND STRATEGIES FOR SERBIA

 HILTON HOTEL KRALJA MILANA 35, BELGRADE  18 SEPT. 09:00 - 11:30

With insights from UIPI around relevant EU legislative developments, this event offers a valuable platform to unpack practical strategies that can support and accelerate renovation efforts in Serbia bringing together key actors from across the construction and real estate value chain to explore the new targets and ambitions of the EU. As Serbia advances on its EU accession path, aligning with European standards and policies presents both opportunities and challenges for the building sector.

From industrialised renovation methods to one-stop shops and digital tools such as the building renovation passport, we'll explore what's feasible, what's needed, and how Serbia can position itself for a future-ready, energy-efficient building stock.

AGENDA

- 09:00** | **Welcome and Introduction**
- 09:10** | **Where is the EU going?**
- 09:40** | **Clustering and industrialising renovation: is it feasible in Serbia?**
